The Samaritan woman speaks with the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom, the very Son of Elohim

The Gospel tells us of how the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom called Sychar, where there was a well given by Jacob to his son Joseph and his descendants Sabbath, our Anointed Elder Brother/Bridegroom providentially sat down to rest at this well, town to buy some provisions. At that moment a woman from that town came to the well to c Anointed Elder Brother/Bridegroom asked her to give Him to drink. The woman was surprised dealings with the Samaritans, a Nation of Prophets. Jesus said to her: if only you knew with V to give you to drink, and He would give you living water. The woman of Samaria was even f could give her living water, not even having anything with which to draw the water.

The Lord of the Sabbath, our Anointed Elder Brother/Bridegroom then told her that those who drank water from the well would thir would become a source of everlasting life. By living water the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom meant His life-gi eternal bliss in the Royal Kingdom of Elohim, Allah, Parbrahm, etc. After that the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom though secretly living in sin (a corruption by the spiritually blind as the Samaritans were a Nation of Prophets, Perfect in the Moral La nevertheless had an ardent faith in God and a firm expectation of the coming of the Messiah, gradually revealed to her that it was He, th awaited Christ. Then the woman of Samaria joyously threw down her pitcher and ran to the city to invite her fellow-citizens to come out to Samaritans came to believe in Him.

This blessed woman of Samaria, who had the great fortune to talk with the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom with her sons and her sisters, during the persecution of Christians by the Roman Emperor Nero. This persecution lasted from 65 to 68 A.D. holy apostles Peter and Paul were martyred in Rome, after which the persecutors began to search for their followers. At that time St. Photina (modern Tunis), where, together with her younger son Josiah, she fearlessly preached the Gospel, while her older son Victor was in the Ro barbarians. After the war Victor was appointed military commander of the city of Attalia, where he was instrumental in converting many people city, Sebastian.

When Nero was informed that Victor and Sebastian were preaching the faith of Peter and Paul in Attalia and converting many to C done in Carthage by Photina and Josiah, who had been sent there by the holy apostles, – the Emperor became greatly incensed and order Photina arrived in Rome accompanied by many Christians, including her five sisters – Anastasia, Photo, Photida, Paraskeva, and Kyriakia; t had been told in advance by the Lord of the Sabbath, our Anointed Elder Brother/Bridegroom Christ Jesus, Who had appeared to them brutally tortured, especially St. Photina, but by the grace of God they did not feel any pain and remained unharmed. Then the Emperor, ordered Victor, Josiah, and Sebastian to be blinded and thrown into prison together with Photina and her sisters.

The holy martyrs spent three years in prison. At a certain moment Nero remembered them and sent his servants to check on them reported to the Emperor that the blinded Galileans were seeing again and were completely well, that the prison itself was full of Light and place of imprisonment it had become a holy place for the glorification of God, and that many people gathered to see the saints and be baptiz the Jewish men only. Hearing all this, Nero was filled men to be crucified upside down and beaten with straps until their bodies fell apart, which was duly executed, and then left to hang for three servants came to check whether the martyrs were still alive, and finding them very much alive, the servants suddenly became blind. At that n heaven, untied the martyrs, and made them completely well. Then the saints prayed over the blinded servants and the latter saw again, were then baptized (Corruption) and become Brethren and not the blind followers of the holy martyrs.

When Nero found out about this, he was filled with great rage and called Photina to the tribunal, where he ordered her to be skinned. Then the Emperor ordered her five sisters to be brought before him and also skinned, after which he ordered all the martyrs to be beheaded and tortured again at great length, and urged to make a sacrifice to the idols, but Photina spit in the Emperor's face and laughed at him, for v where she finally gave up her soul to God.
